

## >>>Tech-no-worries Workshop<<<

### **Saturday Sept 28th 10-2pm**

Come immerse yourself in the audio delights of tech. This is a hands-on workshop designed to dispel your fear of touching buttons and knobs!

The focus will be on the following three uses of equipment –

#### **Zoom Recording Mics:**

Learn to set up and understand the Zoom H1n, Zoom H2n, Zoom H4n recording mics.

#### **Rodecaster Pro:**

Learn to set up and understand the Rodecaster Pro recording device. Includes:

- Adjusting the mic effects
- FX pads recording and play back
- Conducting and recording phone interviews
- Bluetooth option for music & interviews
- Recording work into Audacity

#### **USB Mics:**

Learn how to use a USB mic and record audio straight into Audacity.

We'll go over **levels levels levels** the cornerstone of any great recording or presentation!

FYI: If you have equipment at home and need help using it, please email me beforehand and we can discuss options for you to bring it in.

### **Saturday Sept 28th 10-2pm**

**Limit: 6 per class**

**Value: \$180pp**

Includes use of all equipment & recording studio and light refreshments
